"Frost Got the Peaches"

Frost Saturday morning, Sunday morning and Monday morning played havoc with the best prospect for a large peach crop we have had for several years. The cherries, grapes, and 90 per cent. of the plums were also killed. Hickory nuts and walnuts were also killed. The already small apple crop was not harmed, strange to say. About one-half of the early blooming strawberries was also killed. Fruit will not be so short as last year unless later injured.

Death of Mrs. Eperson

Mrs. Mary E. Eperson, aged 46 years, died in Clark county Sunday morning. Besides her husband, she leaves eight children, seven brothers and two sisters. Mrs. Eperson is the youngest child of Mr. and Mrs. James Palmer, of this city, and this is the first death in their family of ten children. The many friends of Mr. and Mrs. Palmer deeply sympathize with this splendid couple in the sad death of their daughter.

A Testimonial

The editor of this paper daily eats on his table biscuits made only of Snowflake flour, made by the Clay City Roller Mills, and as testimonial we can truthfully state that we never ate better biscuits and cakes than it makes. It is supreme. It is the duty of every person in the county to buy this flour, and none other. Patronizing home industries and business is the only way to make us grow stronger as a county.

Mill Closes Down

The Brodhead-Garrett planing mill which has been running for several months past, closed down Saturday for another indefinite period. We hope to see business soon pick up to enable this plant to resume operations, as it is of great benefit when running to the labor it employs.

Buys Bunch of Sheep

Dr. A. T. Knox returned Thursday from Miller's Creek where he picked up a nice bunch of ewes and lambs at \$6.75 per head for ewe and lambs thrown in. The Doctor was taking them to his fine bluegrass farm near Thompson station.

Buys Store

J. S. Roberson has bought the stock of goods and rented the store building of George Kirk and is continuing the business at this stand. Mr. Roberson has the best wishes of The Times in his new business venture.

Judge Mann to Preach

Through urgent solicitations Judge L. F. Mann will address the congregation at the Methodist church the fifth Sunday night.

If you are run down, discouraged and out of heart, get a bottle of Taulac and see how different it makes you feel. C. Shimmfessel.

Clay City's New Postmaster

H. H. Pherigo has been appointed postmaster at Clay City to succeed Mrs. Carrie Groves. Mr. Pherigo is a loyal Republican and is deserving of party support. The appointment, however, has caused some surprise as many thought the unusual effort by Mrs. Groves in filling the office the past four years would be rewarded by retaining her in office. But "to the victors belong the spoils" is being brought out good and plain by the present administration. Mr. Pherigo is very popular, and will, we are sure, fill the office very satisfactory to all the people.

Educator Dies in Jail

Dr. J. C. Willis, one of the foremost educators in Kentucky 25 years ago, died in the Chicago jail last week. He was held for passing a check on which payment was refused. Dr. Willis conducted two Teachers' Institutes at Stanton years ago, and was then a favorite. At one time he was worth \$500,000.00, but recklessly spent it.

A few of the Powell county lads who have been flaunting cold checks, particularly with the garage men, had better take heed lest they too get into jail and die at an early age.

R. T. (Dick) Kennon Dead

R. T. Kennon, aged 65 years, died at his home on Little creek, Monday, April 24th, of cancer of the stomach. Burial Wednesday at the Wells graveyard. Deceased is survived by a widow and six children, all residing in this county: Mrs. Jeff McKinney, Mrs. Frank Kennon, Mrs. Bert Crow; Cliff, Willie and Howard Kennon.

Fitting up Dwelling

Roscoe Bowman has purchased of Brodhead-Garrett Company, the office used by Center Lumber Company several years ago at their mill and is moving it to near Waltersville station and fitting up a dwelling.

To Preach at Virden

Pastor J. R. Nelson will preach Sunday morning at the Virden Christian church on the subject of evolution. A full house should hear him.

Hand Injured

John Hendricks had two fingers very badly mashed last week while engaged in moving a house for Roscoe Bowman at Brodhead-Garrett's mill.

School Report

A copy of the biennial school report of Supt. Colvin has been received at The Times office. It contains some very interesting reading.

Stanton Academy

Wins State Honors

In a recent state-wide Bible study contest conducted by the Young Men's Christian Association with headquarters at Louisville the Stanton Academy boys won not only the first honors in the third class school group to which the school belongs, but also the state wide honors as well. The schools in class 3 may have an enrollment of ten to forty-nine boys. The boys are graded on class attendance and competitive examination. The contest was entered on January 30th and ended March 25th.

The course studied was "Master Men of the New Testament."

Three schools out of fifty entering the contest in class No. 3 tied for first honors in attendance at class drills, and it was necessary to take the average examination grade to determine the winner. When this was done the result stood, Stanton, 93 percent, Greenup, 92 percent, Vanceburg, 91 percent.

This high mark not only gave Stanton first place among the fifty smaller schools of her own class, but also the honors over the fifteen larger schools of class No. 2.

A silver loving cup presented by the Y. M. C. A. of Kentucky will accompany the honors of winning in class No. 2. In addition to this a large loving cup which is the property of the State Y. M. C. A. will be presented and will remain in our possession for one year. If we can succeed in winning this cup next year and the year following, it will become our permanent possession. The names of the Academy boys and their grades earned on the State examination are as follows:

Wm. Thompson,	98 pr ct.
Albert Holman,	93
Chas. Hendricks,	98
Wm. Kirkpatrick,	91
Arbor Snowden,	97
Wm. Mansfield,	98
Engene Baker,	80

Will Drill Wells

The Clay City Roller Mills have a drilling rig on their lot and will drill a water well and then drill for gas. Here's hoping they get all they seek to find in their operations.

Sells Buick

The Clay City Motors Company sold this week for Harry L. Russell his splendid Buick roadster to Lloyd Wells for \$800.00.

Taulac is a powerful, reconstructive, systematic and stomachic tonic. It tones up the system, restores lost appetite and makes you feel strong, sturdy and well, as nature intended. C. Shimmfessel.

More Shale Development

[Danville Messenger]

With the oil shale industry gaining impetus throughout Kentucky, especially near Clay City, where the Devon Oil Shale Products Company has a large plant under construction, the probability of the enterprise spreading to this section of the State appears excellent. Hundreds of acres of oil shale land near Junction City and back in the Knobs, a few miles from Danville, have been tested and proven by Professor W. R. Jilison, State Geologist. This acreage contains millions of tons of rich oil shale, it is said.

The oil shale industry is simply a manufacturing business in which a sort of rock is properly treated to recover its commercial content. Millions of gallons of gasoline and millions of pounds of ammonium sulphate can be produced from the shale if the products are extracted properly.

The Devon Company with its holdings in Powell county have figured that with every ton of shale treated there will be a profit of \$2.72. The plant, when completed, will be able to handle 1500 tons of shale each day.

There is little doubt but what the oil shale industry would prove profitable in this section for there is an insatiable demand for the two commodities that could be easily recovered from the Boyle county shale. The average production of the wells in the county is only four and one half barrels the day. That amount can be squeezed from eight tons of shale quarried near the plant, and refined and converted into commercial commodities on location, regardless of roads and weather.

New Butcher Shop

John T. Wright has opened a new butcher shop in Clay City and will supply the people with choice home-killed meats at correct prices.

Many people on the verge of despair have taken Taulac and recovered. C. Shimmfessel.

On April 13th, one of Powell county's most highly respected men, Mr. T. G. Morehead went to sleep to wake no more in this world, but in the arms of Jesus. He had said that he was liable to pass away at any time, but we did not think he was going to leave so soon. How we miss him no tongue can tell; home is not what it was, but we can say, Lord, thy will be done. A place is vacant in the home, at the family altar, at the church, which can never be filled. He can not come back to his loved ones, but thanks be to God if they endure to the end, they can meet him. He was a faithful member of the Methodist Episcopal church, and possessed an unfaltering faith in

If You are 35 Years of Age

Suppose you should walk into one of your local banks and say to the Cashier, "I want to start a savings account with you and deposit now \$102.95 to my credit and each year hereafter the same amount, or smaller sums amounting to the \$102.95 during each year for 20 years; but I want you to bind yourself in a contract to pay to my family or to some one designated by me in case I should die at anytime after the first deposit, the sum of \$2500.00; or if I

H. M. Page, of the Page Log and Lumber Co., was here last week looking after his business interests.

A new reporter joined the Clay City Times staff this week and we are merging forth with a few items.

Fishing season is now on, but there's scarcely any fish to sport on. Older residents say fish are getting less and less every year in Hardwick's Creek.

Wake up, Stanton, give us the news, court proceedings and all. Genet, where art thou? Can't you give us a little of that peculiar "music"? Slade, you are O Keh, always on the job.

"Flivvers" a plenty on the road Sunday. The next thing we read men hear after the hum of the "lizzies" is, "Boys, get your picks and shovels, there's some very bad mud holes to fill up." Well it's all through life, anyway. What do you say?

We are in receipt of a letter from our old friend and neighbor, C. A. West, stating he had not time to act as The Times correspondent from the above place, asking us to write. Well, Charlie, here we are with the best "dope" we have at present. Though remember, you are to be held in the reserve.

County Agent Harrison, going to leave us? Fiscal Court and farmers, can you afford to let him go? In this writer's opinion you had better act quick, reconsider the case, make up the appropriation and retain him. The Agricultural and School Fair that is being held every year at Stanton, and which was brought about chiefly through the county agent's efforts, is worth hundreds of dollars to the county. You may let him go, but our belief is if it does come to pass, your regrets will be many.

Will Make Extensive Garage Improvements

Joe Mountz, the Ford dealer, is making preparations for much improvement of the Ford and Fordson service station. He announces that in keeping with the Ford policy of making everything convenient, safe and economical for the user, of Ford cars and trucks and Fordson tractors, he will in the very near future install much additional garage equipment, and enlarge his building to almost twice its present size. It will be his aim to make the Ford garage everything that could be expected in the way of a service station for the whole automobile public. An additional line of Ford parts has been ordered so that any part of the Ford car can be replaced without unnecessary delay.

In addition to selling Ford cars, trucks and tractors, Mr. Mountz has recently been made dealer for the Lincoln, an eight cylinder car of the highest quality.

Mr. and Mrs. E. A. Cord, of Lexington, are the parents of a son born Friday, April 14th, and will be called Raymon Adair. Mrs. Cord will be remembered as Fanny Belle Smithers, formerly of this city.
